Margshree Logo

Margshree logo is the resolute shelter of truth, the two contrasting yet adjacent colors connote a blend of modernity with tradition. The dark blue with golden reddish yellow sections, with an upward sweeping line that depicts growth and progress in life, achievable through education. The dark blue with contemporary cues of technology, performance, and advancement strikes a synergy with the golden yellow radiance of tradition, culture, and values. The flame represents purity and passion for knowledge.

MCPL Infrastructure

Infrastructure plays a significant role in facilitating an effective teaching and learning process. We, at Margshree, ensure that our students have access to ultra-modern infrastructure and facilities. As a part of this endeavour, we intend to provide the following facilities to students:

- Well-lit, spacious and air-conditioned classrooms to provide a comfortable learning atmosphere to students.
- Interactive boards (Agile Boards) to make learning more interesting for students and assist them in memorizing the concepts more effectively.
- A well-stocked library that consists of a wide range of books to help students stay updated with the latest knowledge.
- iTutor Labs that enables students to access our recorded video lectures and clarify their doubts, if any, or catch up on lectures they may have missed.
- MCPL CBT, an online testing platform that enables students to access Computer Based Tests (CBT) and practice them extensively before they appear for the actual test.
- MCLP Live, an interactive virtual classroom that replicates a real classroom and allows students to attend lectures, delivered by our expert faculty members, online from anywhere.
- CCTV surveillance to ensure utmost safety of students.

Welcome To Margshree Classes

Margshree Classes was created in 2007 by the vision and toil of **Mr. Mukesh Chandra**, an educationist with 26 years of experience. We had a very humble beginning as a forum for IIT-JEE, with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to the realization of this vision, we went beyond merely coaching for IIT-JEE and NEET. We actually started to make a difference in the way Students think and approach problems. We teach the students from basics to an advanced level according to the student's ability. Mukesh Chandra and Team are making Continuous efforts in solving students' problems with so many tricks and motivation and producing the best results in India every year.

The Academic Programs at Margshree have been designed to enrich the students with holistic preparation so that we can assure their success. These programs help students in sharpening their basic skills to such an extent that they could be benefitted throughout their lives. We encourage students for in depth-learning so that they would be able to explore optimum advantages from the knowledge they have acquired.

Our Curriculum is built on an updated and ever-changing world of competitive examinations. It provides students a chance to appear in exams, with confidence. We help students to learn how to analyze and imagine solutions to subject problems. And when they are finished with that, we help to objectively evaluate their results and mirror them for all to see yourself.

This Journey from just an IIT-JEE Coaching Institute, to the most powerful brand in serious education, has been exhilarating. However, the Journey is not over yet. For us at **MARGSHREE, THE JOURNEY** will never be over. For us, this Journey itself is the destination ,we have grown to be known as **Margshree Classes Pvt Ltd .**

Vision

Keeping our mission in mind. we will establish a transformational leadership position in each of our projects across the globe. We will become a Comprehensive Global Leader In Education by 2030.

Mission

Creating the World's Best Institution that serves society for thousands of years -may be perennial. To Make India Global Leader in Education, both In Not for Profit as well as For Profit Venture.

- Consciously work every moment of the day, to ensure that every student fully unravels his / her multidimensional talent potential.
- Be perfect in everything that we do. Perfection Is making the best efforts within the constraints of space. time, resources. Facilitate information flow to all those who matter to humanity.
- Analyze every task with fundamentals and accept existing practices.
- Work ethically to inspire everyone who comes in our contact.
- Utilize technology to connect students. parents. teachers, administrators. bureaucrats & the government for collaborative efforts to transform global society.
- Establish Joint ventures & partnerships with compatible & synergistic individuals. associations, companies, and governments.

The Future

- Margshree's spirit of excellence will touch every area of education from a few weeks' old fetuses in a mother's womb at vibrations level to adults at university level education. transforming the world by making children better sons. better daughters. better mothers, better fathers, and better human beings in totality.

MAY GOD REHABILITATE THE MANKIND!

Margshree Core Management Team

Mukesh Chandra
Founder Chairman

Every moment in life is a fresh beginning. That brings with it the boundless joy of new possibilities, and the pleasure is compounded when you know, you are about to realize a lofty goal. Youths are the Engine Room of Societies. They are the drivers of any developmental trend and activity in society and major determinations of the extent of growth and development in any country. As youths get prepared for leadership roles, it is pertinent to acquire moral standards and high values that will mold them into personalities ready to lead the progress of society.

Since the time we began in 2007, we have constantly strived for excellence. Like for the many young minds we have shaped, it's the winning spirit that has been the essence. Even quintessential, if you look at it from our perspective, winning is possible only when one has the power to perceive the need of the hour.

Margshree has always been innovating to create excellence. I am sure the varied services that we offer to our existing and aspiring students will be a great boon for them. Today MARGSHREE, a 'corporatized' institute for IIT-JEE / NEET and Other Competitive Entrance Examination Training, enjoys a track record of unparalleled results.

Needless to say, the endeavor to nurture and even further enrich the quality of education will be our constant feature. As for the rest, there will always be changes. Undoubtedly, for the better.

Wishing you'll the very best.

 Boards (11th & 12th)

Crash Course for CUET

Designed for Common University Entrance Test (CUET), is conducted by NTA (National Testing Agency). The focused course is aimed at comprehensive preparation for the exam with an exhaustive coverage of syllabus and regular tests. The exam will provide a single window opportunity for the candidates for admission to the different courses of the country. A rapid learning module for Science UG courses targeted at complete & thorough revision of the entire CUET syllabus within an approximate time span of 60 days.

Highlights and benefits

Well-researched & Comprehensive Study Material

Part Syllabus Tests (PSTs) & Full Syllabus Mock Tests

Online / Offline Mode of Teaching, Testing & Doubt Clearing

Quick revision with the help of qualified & dedicated professionals

Focused & targeted preparation

BASE FOUNDATION – Classes 8th TO 10th Course:

The syllabus for this program has been designed to enhance the IQ level and lay a strong foundation for the basic concepts of Science, Mathematics, and English. The classroom training is provided to the students to build a strong base in these subjects by supplementing and expanding upon the knowledge acquired in school. Conceptual clarity makes the child strong in the subject and generates interest and liking for the subject. The students would have a dual advantage over other students in terms of their enhanced performance in the school exams **(NTSE) / STSE, KVPY, Olympiads, Medical, and IIT-JEE.**

As per our experience, we understand that the potential and caliber of each and every student are not the same. However, we at Margshree have designed a new unique teaching methodology to improve the performance of each and every student who has enrolled with us which is based on a systematic and scientific approach.

Biology is indeed an important subject for any student to own a medical career. The study materials provided at Margshree contain very descriptive solutions, which help the students in understanding the basics and preparing for the examination. Also the chapters in Biology such as Reproduction in Organisms, Human Reproduction, Sexual Reproduction in Flowering Plants, Human Health and Diseases, Biotechnology and its application, Environmental Issues, etc. are all covered.

Physics is one of those subjects that needs to be understood rather than memorized. Physics consists of complex formulas and it is very important for students to understand the reasoning behind the formulas. Our "Physics Concepts" section has been meticulously curated in a way that covers everything from basic concepts like the law of motion to complex topics like thermodynamics along with their formulas, definitions, FAQs, and correct application with examples. The chapters include Electric Charges and Fields, Current Electricity, Alternating Current, Ray Optics and Optical Instruments, Semiconductor Electronics, Communication Systems, and many more.

Chemistry is the study of matter, any mass that takes up space and undergoes changes under different environments or conditions is defined as a chemical reaction. Chemistry does not only happen in laboratories but rather we witness it in our daily lives. This section will help students understand all concepts of Organic, Inorganic, and Physical Chemistry. The Chemistry syllabus is explained in a step-by-step format, such as The Solid State, Electrochemistry, Chemical Kinetics, Coordination Compounds, Alcohols, Phenols and Ethers, Biomolecules, etc.

Mathematics can be a very interesting subject if prepared and understood well, otherwise, it can be quite confusing for the students. Since Maths is all about solutions, each question is solved step by step so that the students get an idea of the formulas and equations. In Mathematics all the chapters from basic to the advanced level are covered. In this section, you will find all the essential concepts like prime numbers, area of a rectangle, trigonometry table, determinants, probability, variables, and constants in algebraic expressions, and more.

MCPL TUITION FEE STRUCTURE

Scholarship On The Basis Of % Marks

Margshree Admission Test (MAT)		Board Based Examination	
% MARKS	SCHOLARSHIP	% MARKS	SCHOLARSHIP
91 - 100	50 %	91 - 100	50 %
81 - 90	40 %	81 - 90	40 %
71 - 80	35 %	71 - 80	35 %
60 - 70	30 %	60 - 70	30 %

FEE Structure

COURSE	REGISTRATION FEE	ADMISSION FEE	TUITION FEE	TOTAL FEE
IIT-JEE / NEET (2 Years Program)	5,000	10,000	1,50,000	1,65,000
